

# Home Video – You’re In Control

This video store is committed to helping parents make well-informed decisions about the entertainment brought into their homes. We do this by helping you monitor the content of movies and video games your family members wish to rent or buy.

We know many teens turn to their community video store as a primary source of feature films and video games. We want to reassure you that it is our intention to make every effort to keep inappropriate materials out of the hands of minors, in accordance with parental desires, and to uphold the voluntary movie and video game ratings systems.

Accordingly, we **PLEDGE TO PARENTS:**

1. Not to rent or sell videos or video games designated as “restricted” to persons under age 17 without parental consent, including all movies rated “R” by the Motion Picture Association of America and all video games rated “M” by the Entertainment Software Rating Board.
2. Not to rent or sell videos rated “NC-17” by the Motion Picture Association of America or video games rated “Adults Only” by the Entertainment Software Rating Board to persons age 17 or under.

If you wish to set your own guidelines for the movies and video games to which your children may have access, please complete a *Parental Consent Form*. This form will tell us what you will allow your children to watch and what you don’t want your children to rent or buy. We will keep your preferences on file and consult them whenever your family members wish to rent or buy videos and video games from us in the future.

In addition, we encourage you to review the information we have available about the motion picture and video game ratings systems to learn more about how these systems can help you make informed decisions.

We look forward to working with you!
